

EXHIBIT B

3. Playtika has yet to be properly served in accordance with Ala. R. Civ. Proc. 4. Playtika, by counsel, specially appears for the purpose of this removal and reserves all defenses, including, but not limited to, insufficient service of process.

4. Playtika maintains an electronic financial reporting system that contains the total amount of purchases by users of Playtika's casino-themed social games, which is maintained in the ordinary course of business and the purchase data is captured at or near the time the purchases are made. As part of my job duties, I am familiar with how to obtain information from this system.

5. I have reviewed information pulled from Playtika's financial reporting system.

6. According to this information, the total amount of purchases by Alabama users of Playtika's casino-themed social games from March 2022 to March 2023 far exceeds \$75,000. By way of example, purchases by Alabama users of Slotomania, one of those games (and the one depicted in the Complaint), for that period exceeded \$500,000.

I declare under penalty of perjury, under the laws of the United States of America, that the foregoing is true and correct.

Executed this 9 day of April 2023, at Herzliya, Israel.

AMNON REICHMAN
